

Application for Community Groups to run Stalls on Village Day, Saturday 15th June 2024.

If you download and print this form please return it to Doug Neilson, 3 Rectory Way, Ickenham, UB10 8BP. If you complete it online it will come to us automatically. If you have any questions whilst filling in this form please email festival-forms@ickenhamfestival.org.uk.

Pitches for local groups, charities and societies require a £15 deposit per pitch (10 feet frontage) which is refunded on Village Day once you have checked in with a Steward and set-up your stall(s).

Once you have submitted your form online, it will be reviewed and you shall receive an email Invoice from Zettle (our online payment system) requesting your deposit for the total amount of stalls you have requested. Please make sure payment is made promptly as stalls are on a first come, first served basis.

Payment can be made via Debit or Credit Card and Zettle accepts Visa, MasterCard and American Express. If you have any questions regarding this payment please email online-sales@ickenhamfestival.org.uk. Your refunded deposit will go back to the same card.

The Festival Team will also allow some Ickenham based businesses to have commercial pitches if felt suitable at £25.00. Please email festival-forms@ickenhamfestival.org.uk to discuss whether your business is acceptable PRIOR to completing this form.

NB. A pitch is defined as being 10 feet wide. It would be helpful if you could indicate the approx. depth required by each stall you propose to operate. All stallholders using fire or heating appliances (e.g. Bar-B-Q) will be expected to have a suitable fire extinguisher on site. Any stalls offering refreshments should note the contents of our "Guidance for food stalls" letter which is on this form, but available for download from our website.

Guidance for Food Stalls.

London Borough of Hillingdon's
Guidance for food stalls at the
Ickenham Festival Village Day.

Community Groups/Charity Stalls

Cake stalls and those offering food as prizes are low risk enterprises and will only need to ensure good personal hygiene/hygienic practices (cakes) and that food is within date (prizes) etc.

All food stuffs that are made and are sold off site must comply where necessary with all relevant food standards and be labelled in accordance with current labelling regulations.

Community groups preparing food at the site will have to comply with the same requirements as apply to mobile catering units.

Community groups preparing food at home should not prepare it too far in advance (on the day of the event is preferable), ingredients should be purchased from reputable suppliers, stored at the right temperature (below 8 degrees), be stored/prepared so as to minimise the risk of cross contamination, cooked thoroughly, cooled within 90 minutes and placed in a refrigerator and transported to the site under chilled conditions. Those preparing the food should practice good personal hygiene and wear overclothing. Worksurfaces etc should be cleaned with an antibacterial cleaner before commencing work, pets should not be allowed in the kitchen and the washing of dirty laundry should not take place etc.

Of concern would be the storage of food at the site on the day, particularly if it is high risk i.e. meat, chicken, cooked meats, cooked rice, fish and seafood, dairy based products etc. Such foods will need to be kept under chilled conditions. Vegetarian foods pose less of a risk. Good personal hygiene/hygienic practices will need to be observed at the site.

Advisory booklets are available from the Department and I would be quite happy to provide advice over the telephone.
